

Model: 10507

STANDARD CAPACITY PLIER-STYLE RESISTANCE SOLDERING SYSTEM

American Beauty offers the most advanced and complete line of resistance soldering systems available anywhere in the world. Here are just a few of the advantages that you will find with resistance soldering systems:

- Smash Operational Bottlenecks - Concentrated heat reduces solder time many times over.
- Improve Solder Joint Quality - Poor solder joints are often the result of insufficient heat throughout the joint, creating weak spots.
- Eliminate Thermal Damage - Traditional soldering methods introduce too much heat into surrounding areas damaging critical components or desoldering of previously soldered joints.
- Reduce Liability - Light-weight handpieces cool within seconds greatly reducing likelihood of repetitive strain injury and virtually eliminating the burn risk for the user.
- Solder in Tight Spots - Versatile systems allow easy access to restricted areas.
- Cut down on Energy Consumption - Instant heat means you're not paying to heat a soldering station all day long.
- Save on Maintenance and Consumables - Electrodes last twice as long as soldering tips and don't require constant rewetting.

Stop trying to perform your difficult soldering operation the same old way with the same old tools. Try an American Beauty Resistance Soldering System today.

ACCESSORIES

The following products can be used as Accessories for Model 10507 featured on this page:

| Model | Product Name |
|--------|---|
| 105PTM | Resistance Soldering Precision Timer Module |
| 105V12 | Grounding Vise for Holding Parts Hands-Free |

FEATURES AND BENEFITS

1,100 Watts (5.8 VAC) of Power with 23 unique settings (**Warning ~ Do not switch power settings while under load.**) provides the maximum output for handpieces that utilize tapered pin connection styles.

Light-weight, palm-sized hand piece with comfort grip padding minimizes operator fatigue.

Carbon block electrodes can be easily notched/shaped, allowing the user to customize the handpiece to their specific application.

Footswitch permits hands-free activation of power, vastly improving control of your applications and virtually eliminating the sparking that is common with other brands of resistance based systems.

REPLACEMENT PARTS

The following products can be used as replacements for Model 10507 featured on this page:

| Model | Product Name |
|--------|---|
| 105159 | Small Carbon Block Electrodes for Resistance Soldering |
| 10519 | Standard Footswitch |
| 105258 | Standard Plier Style Handpiece |
| 105B2 | 1,100 Watt Selectively-Variable Resistance Soldering Power Unit |

TECHNICAL SPECIFICATIONS

| | |
|-----------------------------------|-----------------------------|
| Connection Type | Tapered Pins |
| Wattage | 1100 watts |
| Opening between Electrodes | .50 in / 1.27 cm |
| Electrode Size/Diameter | .25 in / 0.64 cm |
| Available in a 220-240 VAC? | Yes, available upon request |
| Product Length | 12.25 in / 31.12 cm |
| Product Width | 12.25 in / 31.12 cm |
| Product Height | 10.75 in / 27.31 cm |
| Package Weight | 24.15 lbs / 10.95 kg |
| Country of Origin | US |
| Harmonization Code: | 8515.11.0000 |
| RoHS Compliant | Yes |
| IEC 60335-1, Edition 5.1, 2013-12 | Yes |
| WEEE Compliant | Yes |
| CE Certified | Yes |
| Warranty Policy | Details |
| User Manual | User Manual |

SIMILAR PRODUCTS

The following products are related (similar model but different specifications, etc.) to Model 10507 featured on this page:

| Model | Product Name |
|-------|---|
| 105L5 | High Capacity Plier-Style Resistance Soldering System |

APPLICATIONS

Users of this product have stated that they use it for several jobs which include but are not limited to:

1. Soldering wire terminations 1/0 AWG and finer
2. Soldering flexible stainless steel conduit assemblies
3. Soldering a large audio connector to 8 AWG HS wire
4. Soldering cable assemblies in production-line environment
5. Soldering RG401 RF Cable
6. Soldering of RF elements
7. Soldering sculptural build/ tool making
8. Repairing copper capillary tubes
9. Repairing electronics for Dept. of Defense

END-OF-LIFE INSTRUCTIONS

In an effort to reduce waste and comply with WEEE directive, please do not dispose of product. All American Beauty Tools are serviceable and can be repaired and/or replaced. Please contact manufacturer to make arrangements.
