# RESISTANCE BRAZING SYSTEM B

American Beauty offers the most advanced and complete line of resistance brazing systems available anywhere in the world. Here are just a few of the advantages that you will find with resistance brazing systems:

- <u>Braze Fast and Easy</u> Concentrated heat allows even beginners to reduce braze time many times over.
- <u>No Flame = No Problems</u> Nature of tool ensures compliance with facilities that ban open flame.
- <u>Improve Braze Joint Quality</u> Poor braze joints are often the result of insufficient heat throughout the joint,creating weak spots.
- Eliminate Thermal Damage -Traditional brazing methods introduce too much heat into surrounding areas damaging critical components or adversely affecting previously completed joints.
- <u>Reduce Liability</u> Handpieces cool quickly; greatly reducing risks of burns or accidental fires.
- <u>Braze in Tight Spots</u> Versatile systems allow easy access to restricted areas.
- Save on Maintenance and Consumables Only consumable is electrodes, and they last for months on end.

Stop trying to perform your difficult brazing operation the same old way with the same old tools. Try an American Beauty Resistance Brazing System today.
