1/8" PROBE STYLE HANDPIECE

American Beauty offers the widest selection of resistance soldering hand pieces in the world. Our hand pieces are designed and built to provide absolute performance in even the toughest environments. By generating heat instantaneously and right at the point of contact, you are able to easily handle the historically difficult soldering jobs. *A return lead is required for proper operation of a single probe handpiece.* The most frequent return lead used with this handpiece is our [10512A](#).

FEATURES AND BENEFITS

Copper-coated, stainless steel electrodes can be easily bent, filed or flattened, allowing the user to customize the handpiece to their specific application.

Insulating, soft cushion grip For increased comfort and control during use.

Heat deflecting baffles Helps eliminate excessive heat buildup in the handle.
