

## Model: 10591

### SMALL V-NOTCH WIRESTRIPPING HANDPIECE

Thermal wire stripping is an age-old method of stripping the insulative jacket from your wire with 100% assurance that you are not nicking the conductor. American Beauty offers a complete array of thermal wire stripping systems, hand pieces and elements, sure to meet your specific need.

#### FEATURES AND BENEFITS

**Light-weight, palm-sized hand piece with comfort grip padding** minimizes operator fatigue.

**Wide variety of Ni-Chrome wire stripping elements** are available allowing user to find the perfect fit for their application.

**Heat deflecting baffles** Helps eliminate excessive heat buildup in the handle.

**Strips extruded insulation from wire 18 AWG to 12 AWG** This includes thermoplastics like Teflon, Nylon, Silicone and similar materials.

#### APPLICATIONS

Users of this product have stated that they use it for several jobs which include but are not limited to:

1. Stripping low to high temperature insulation from heavy gauge wire and cable
2. Stripping large wire in manufacturing application
3. Stripping stripping jacket off braided hose
