

Model: 105L451

1/4" DOUBLE CARBON ELECTRODE HANDPIECE

By generating heat instantaneously and right at the point of contact, you are able to easily handle the historically difficult soldering jobs. American Beauty has always offered the widest selection of resistance soldering handpieces in the world and now have added these Double Probe Resistance Soldering Handpieces. If your operation has been hamstrung for too long due to inadequate supply, worry no longer. These new double probe handpieces rival anything else found in the market place and are built to provide absolute performance in even the toughest environments.
