

## High Capacity Tweezer-Style Resistance Soldering System

Model: 105L7

### Description

American Beauty offers the most advanced and complete line of resistance soldering systems available anywhere in the world. Here are just a few of the advantages that you will find with resistance soldering systems:

- Smash Operational Bottlenecks - Concentrated heat reduces solder time many times over.
- Improve Solder Joint Quality - Poor solder joints are often the result of insufficient heat throughout the joint, creating weak spots.
- Eliminate Thermal Damage - Traditional soldering methods introduce too much heat into surrounding areas damaging critical components or desoldering of previously soldered joints.
- Reduce Liability - Light-weight handpieces cool within seconds greatly reducing likelihood of repetitive strain injury and virtually eliminating the burn risk for the user.
- Solder in Tight Spots - Versatile systems allow easy access to restricted areas.
- Cut down on Energy Consumption - Instant heat means you're not paying to heat a soldering station all day long.
- Save on Maintenance and Consumables - Electrodes last twice as long as soldering tips and don't require constant rewetting.

Stop trying to perform your difficult soldering operation the same old way with the same old tools. Try an American Beauty Resistance Soldering System today.

## Features and Benefits

**1,100 Watts (5.8 VAC) of Power** with 23 unique settings provides the maximum output for handpieces that utilize tapered pin connection styles.

**Light-weight, palm-sized hand piece with comfort grip padding** minimizes operator fatigue.

**Copper-coated, stainless steel electrodes** can be easily bent, allowing the user to customize the handpiece to their specific application.

**Footswitch** permits hands-free activation of power, vastly improving control of your applications and virtually eliminating the sparking that is common with other brands of resistance based systems.

## Technical Specifications

<b>Connection Type</b>	Tapered Pins
<b>Wattage</b>	1100 watts
<b>Opening between Electrodes</b>	.625 in / 1.59 cm
<b>Electrode Size/Diameter</b>	.125 in / 0.32 cm
<b>Available in a 220-240 VAC?</b>	Yes, available upon request
<b>Product Width</b>	12.25 in / 31.12 cm
<b>Product Height</b>	10.75 in / 27.31 cm
<b>Package Weight</b>	24.95 lbs / 11.32 kg
<b>Country of Origin</b>	US
<b>Harmonization Code:</b>	8515.11.0000
<b>RoHS Compliant</b>	Yes
<b>IEC 60335-1, Edition 5.1, 2013-12</b>	Yes
<b>WEEE Compliant</b>	Yes
<b>CE Certified</b>	Yes
<b>Warranty Policy</b>	Details
<b>User Manual</b>	User Manual
<b>Product Lgth</b>	12.25

## Applications

Users of this product have stated that they use it for several jobs which include but are not limited to:

1. Soldering Banana plug assemblies
2. Soldering cable assemblies
3. Repairing solar modules
4. Soldering (silver solder) on chromel and alumel wires
5. Teaching soldering to students

## Replacement Parts

The following products can be used as replacements for Model 105L7 featured on this page:

Model	Product Name
105127	Standard Tweezer Style Handpiece
10519	Standard Footswitch
10594	1/8" Steel Electrodes for Resistance Soldering
105B2	1,100 Watt Selectively-Variable Resistance Soldering Power Unit

## Accessories

The following products can be used as Accessories for Model 105L7 featured on this page:

Model	Product Name
105PTM	Resistance Soldering Precision Timer Module

## Similar Products

The following products are related (similar model but different specifications, etc.) to Model 105L7 featured on this page:

Model	Product Name
105K5	Ultra-High Capacity Tweezer-Style Resistance Soldering System

## End-Of-Life Instructions

In an effort to reduce waste and comply with WEEE directive, please do not dispose of product. All American Beauty Tools are serviceable and can be repaired and/or replaced. Please contact manufacturer to make arrangements.
