

Model: 105TLRE

TINEL-LOCK RING ELECTRODES

American Beauty Tools has always manufactured the power unit and foot-switch in what is commonly referred to as system RH-396X. After years of listening to our customers attempt to source the hand-piece and complete system, we have taken action. We completely reverse engineered the Tinel-lock ring hand-piece portion of the the system. We guarantee that our system will perform to the exact same standards as the original RH-396X. Our **Model 105TLRE** includes a pair of **copper electrodes**.

FEATURES AND BENEFITS

Each 105TLRE includes a pair of copper electrodes.
