FEATURES AND BENEFITS

Just The Right Size ... This 3/4 pound pot was developed to meet the needs of hobbyists, artisans, lab technicians and is great for light production wire tinning or similar applications.

This solder pot can be easily maintained by qualified service personnel. The modular design allows for quick replacement of expired heating elements.

The detachable cord-set can be easily replaced as needed.

Ceramic coated crucible is chemically stable and highly resistant to the corrosive nature of soldering with higher tin contents, making this pot perfectly suitable for Lead-Free Soldering.
