

150 Watt, 3/8" Heavy-Duty Soldering Iron Model: 3138-150

Product Overview

American Beauty heavy-duty irons are ideal for heavy soldering jobs and production-line environments. Created by compression winding a special Ni-Chrome heating alloy onto a steel spool, all elements demonstrate an unsurpassed heat capacity and outstanding durability. Protective casings cut from a single block of steel are strengthened with multiple heat treatments and precision brazed for optimal strength and efficiency. *(Stand Included)*

Features and Benefits

Ni-Chrome Compression Wound Heating Elements are proven to be the most reliable heating element for maintaining soldering temperature in production environments.

Paragon Iron-Clad Lead-Free Soldering Iron Tips consistently outperform and outlast ordinary soldering iron tips many times over. **Plug-style tip design** provides for superior heat transfer and easy cleaning.

Hardwood handle provides superior thermal and electrical insulating properties and durability.

Modular construction allows for easy replacement of consumable parts allowing for tools to last for generations.

Technical Specifications

| | |
|---------------------|---------|
| Tip Diameter | .375 in |
|---------------------|---------|

| | |
|---|-----------------------------|
| Standard Tip Style | Diamond |
| Wattage | 150 watts |
| AMP Draw | < 2 Amp |
| Maximum Temperature | 1000 °F / 538°C |
| Stand included? | Yes |
| Available in a 220-240 VAC? | Yes, available upon request |
| Product Length | 14 in / 35.56 cm |
| Product Width | 2.25 in / 5.72 cm |
| Product Height | 2.25 in / 5.72 cm |
| Product Weight | 1.3 lbs / 0.59 kg |
| Package Dimensions (Inches) | 16-1/2 by 2-3/4 by 2-3/4 |
| Package Weight | 2 lbs / 0.91 kg |
| Country of Origin | US |
| Harmonization Code: | 8515.11.0000 |
| RoHS Compliant | Yes |
| IEC 60335-1, Edition 5.1, 2013-12 | Yes |
| IEC 60335-2-45, Edition 3.2, 2012-01 | Yes |
| WEEE Compliant | Yes |
| CE Certified | Yes |

Applications

Users of this product have stated that they use it for several jobs which include but are not limited to:

1. Soldering stained glass applications
2. Soldering RF Connectors, PL-259
3. Soldering during assembly of current monitors
4. Soldering wire harnesses in MRI room
5. Repairing sheet metal holes
6. Heating inserts for placement in plastic prototypes
7. Soldering RF coil ends

Replacement Parts

The following products can be used as replacements for Model 3138-150 featured on this page:

| Model | Product Name |
|--------------|--|
| 3919 | Replacement Handle/Cord set for Heavy-Duty Irons |
| 3933 | Replacement Item_Set Screws |
| 43D | Diamond Style Soldering Tip |
| 9273-150 | Replacement 150 Watt Compression-Wound Heating Element |

Accessories

The following products can be used as Accessories for Model 3138-150 featured on this page:

| Model | Product Name |
|--------------|---|
| 43C | Chisel Style Soldering Tip |
| 43S | Screwdriver Style Soldering Tip |
| CS-ABKIT | Soldering Iron Maintenance Kit for 1/4" thru 9/8" Irons |
| V3700 | Voltage Controller for Heavy-Duty Irons & Pots |

Similar Products

The following products are related (similar model but different specifications, etc.) to Model 3138-150 featured on this page:

| Model | Product Name |
|--------------|--|
| 3138-100 | 100 Watt, 3/8" Heavy-Duty Soldering Iron |
| 3138-130 | 130 Watt, 3/8" Heavy-Duty Soldering Iron |
| 3138X-175 | 175 Watt, 3/8" Heavy-Duty Soldering Iron |

End-Of-Life Instructions

In an effort to reduce waste and comply with WEEE directive, please do not dispose of product. All American Beauty Tools are serviceable and can be repaired and/or replaced. Please contact manufacturer to make arrangements.
