

Model: 3158-200

200 WATT, 5/8" HEAVY-DUTY SOLDERING IRON

American Beauty heavy-duty irons are ideal for heavy soldering jobs and production-line environments. Created by compression winding a special Ni-Chrome heating alloy onto a steel spool, all elements demonstrate an unsurpassed heat capacity and outstanding durability. Protective casings cut from a single block of steel are strengthened with multiple heat treatments and precision brazed for optimal strength and efficiency. *(Stand Included)*

Great for Tin-Smith, copper, stainless steel and galvanized sheet metal, stained glass work and similar manufacturing or hobbyist and artisan projects.
