

# Model: 36-LF

## THE LEAD-FREE ORIGINAL

You may notice that this particular Esico Triton solder pot looks different. Moving forward, we are attempting to phase out the detachable ceramic plug cord set. In our analysis, it poses more downside in relation to product life vs any upside there may be related to versatility. Functionally, the pot is identical to what you've been purchasing for years. Thanks for your patience as we look to incorporate our years of experience manufacturing American Beauty Tools into our new Esico Triton line.

### TECHNICAL SPECIFICATIONS

Wattage	250 watts
Maximum Temperature	750 °F / 399°C
Net Volume	Approx. 4.5 oz
Solder Bath Diameter	2.5 in / 6.35 cm
Solder Bath Depth	1.75 in / 4.45 cm
