

The Mini Pot (Ceramic Coating) Model: MP-9C

Product Overview

American Beauty solder pots are recognized throughout the industry for **superior performance** and **reliable control** of solder temperature. But the MiniPOT opens up a whole new market for solder pots. The approx. 1/2oz crucible is just deep and wide enough to tin most small parts and wires, yet small enough to heat up quick and reduce the amount of solder required by most other pots...including our own. Please remember, solder pots should never be left unattended. Ceramically Coated Crucible. *(Dross Skimmer Package not included)*

It takes approximately 1/4 bar of our CS-PBF3 or CS-PB50-3 to fill our MiniPot.

Features and Benefits

Ceramic Coated Crucible helps with interchangeability of solders in today's lead-free environments.

2.5 Ounce crucible requires much less solder than traditional pots and heat's up in a fraction of the time. The MiniPot will take only 5 minutes to take solder from room temperature to a liquified state.

Integrated voltage control allows for rapid thermal ramp-up as well as even temperature regulation at appropriate solder bath levels.

Grey Cast iron crucible is chemically stable and highly resistant to the corrosive nature of soldering with higher tin contents, making this pot perfectly suitable for Lead-Free Soldering.

Technical Specifications

Wattage	135 watts
----------------	-----------

Maximum Temperature	850 °F / 454°C
Temperature Range	350-850 °F / 177-454 °C
Temperature Variation from Set Point	30
Available in a 220-240 VAC?	Yes, available upon request
Solder Bath Depth	.75 in / 1.91 cm
Solder Bath Diameter	1 in / 2.54 cm
Product Length	4 in / 10.16 cm
Product Width	4 in / 10.16 cm
Product Height	6 in / 15.24 cm
Product Weight	1.3 lbs / 0.59 kg
Package Dimensions (Inches)	8 x 8 x 6
Package Weight	1.85 lbs / 0.84 kg
Country of Origin	United States
Harmonization Code:	8515.11.0000
RoHS Compliant	Yes
WEEE Compliant	Yes
CE Certified	Yes
Warranty Policy	Details
User Manual	User Manual

Replacement Parts

The following products can be used as replacements for Model MP-9C featured on this page:

Model	Product Name
MP-9H	Replacement Heating Element for Mini Pot

Accessories

The following products can be used as Accessories for Model MP-9C featured on this page:

Model	Product Name
MP-9D	Dross Skimmer for MP-9

End-Of-Life Instructions

In an effort to reduce waste and comply with WEEE directive, please do not dispose of product. All American Beauty Tools are serviceable and can be repaired and/or replaced. Please contact manufacturer to make arrangements.
