

Model: PF-300

PRE-FILLED 1LB SOLDER POT (PB FREE)

American Beauty solder pots are recognized throughout the industry for **superior performance** and **reliable control** of solder temperature. Customer have used phrases such as; bullet proof and glutton for punishment when describing their American Beauty pots. If your need is a pot that will work day after day, month after month, this is the product for you. Uses include tinning the ends of stranded wire leads, pre-tinning small electrical parts, re-tinning soldering iron tips and dip soldering small circuit boards. Internal dross is moved to lip where it cinders away. Dross skimmers are safer and more efficient than paddles, spoons and sticks that contaminate solder and lower temperature. It takes approximately 3 bars of our CS-PBF3 or CS-PB50-3 to fill our one pound pot. By purchasing the pre-filled 1 pound pot, you save approximately \$20 in the cost of solder.

ACCESSORIES

The following products can be used as Accessories for Model PF-300 featured on this page:

| Model | Product Name |
|-------|--|
| V3700 | Voltage Controller for Heavy-Duty Irons & Pots |

FEATURES AND BENEFITS

Suitable for Lead-Free Operation. Grey Cast iron crucible is chemically stable and highly resistant to the corrosive nature of lead-free solders.

Wide lipped crucible for easy fixture mounting

Designed with cartridge heating elements inserted directly into the crucible, creating a superior method of heat application.

Internal removable dross skimmer increases operator safety and maintains solder purity and temperature.

REPLACEMENT PARTS

The following products can be used as replacements for Model PF-300 featured on this page:

| Model | Product Name |
|--------|--|
| 302 | Replacement Dross Skimmer for 1 Pound Solder Pot |
| 8050 | Replacement Indicator Light |
| 8054-5 | Replacement Fuses |
| 8055 | Replacement Thermostat |
| 9301 | Replacement Heating Element for 1 Pound Solder Pot |

TECHNICAL SPECIFICATIONS

| | |
|--------------------------------------|-----------------------------|
| Wattage | 320 watts |
| Maximum Temperature | 850 °F / 454°C |
| Temperature Range | 350-850 °F / 177-454 °C |
| Temperature Variation from Set Point | 50 |
| Available in a 220-240 VAC? | Yes, available upon request |
| Net Volume | Approx 3-1/2 oz |
| Solder Bath Depth | 1.5 in / 3.81 cm |
| Solder Bath Diameter | 2.25 in / 5.72 cm |
| Product Length | 6.5 in / 16.51 cm |
| Product Width | 6 in / 15.24 cm |
| Product Height | 4.5 in / 11.43 cm |
| Product Weight | 6 lbs / 2.72 kg |
| Package Dimensions (Inches) | 8 x 8 x 6 |
| Package Weight | 8 lbs / 3.63 kg |
| Country of Origin | US |
| Harmonization Code: | 8515.11.0000 |
