

Model: R12072

500 WATT POWER UNIT

The backbone of any resistance soldering system is a high-quality power unit. American Beauty & Esico Triton resistance power units are recognized industry-wide for their performance, reliability and safety. Common features include fail-safe devices to ensure ultimate user safety, flexibility to operate a variety of hand pieces, and our outstanding three-year warranty, guaranteeing the product to be free from manufacture defect and to work properly under normal operating conditions.
