

Model: SCPROBE

SINGLE PROBE ACCESSORY PACKAGE

The most common accessory package purchased with the SC250 is the SCPROBE. We aren't sure whether modelers enjoy this handpiece because of the pin-point accuracy or simply because its usage style is similar to a pencil iron. If you are interested in purchasing an SC250 with this additional handpiece, follow this link to our SC250-SPC.

ACCESSORIES

The following products can be used as Accessories for Model SCPROBE featured on this page:
