

Model: V3700

VOLTAGE CONTROLLER FOR HEAVY-DUTY IRONS & POTS

American Beauty Soldering irons are full output irons designed and built to produce a tremendous amount of heat. Incorporating a voltage controller into your soldering process prolongs the life of your soldering irons' heating element and tip, reduces the thermal damage caused by excess heat buildup and saves energy and down-time by idling your iron at breaks. This voltage controller is intended to use with almost our entire line of heavy-duty soldering irons, ranging from 60 to 300 Watts (Models 3125 to 3178). In addition, it can be used with our 1 lbs industrial solder pot (Models 300) to provide tighter control of temperature variation.

TECHNICAL SPECIFICATIONS

Available in a 220-240 VAC?	Yes, available upon request
Product Width	6.25 in / 15.88 cm
Product Height	4.5 in / 11.43 cm
Package Weight	1.40 lbs / 0.64 kg
Country of Origin	US
Harmonization Code:	8515.11.0000
RoHS Compliant	Yes
IEC 60335-1, Edition 5.1, 2013-12	Yes
IEC 60335-2-45, Edition 3.2, 2012-01	Yes
WEEE Compliant	Yes
CE Certified	Yes
Understanding Tip Measurements	Explanation
Warranty Policy	Details
User Manual	User Manual
Product Lgth	8.375

FEATURES AND BENEFITS

Solid-state voltage regulating device incorporated in each controller permits tighter process control, longer heating element life and a reduction in damage resulting from excess thermal capacity. Each is described separately below:

Improved Solder Joint Quality: The ideal operating temperature of your soldering iron or pot should be comfortably over the eutectic point of your solder. Excess heat simply causes damage.

Longer heating element life: Remember the story about the tortoise and the hare? Enough said!

Tighter Process Control: Our internal tests have shown that by incorporating a voltage control with our Model 600 solder pot, we were able to achieve a temperature fluctuation of less than +/- 5°.

REPLACEMENT PARTS

The following products can be used as replacements for Model V3700 featured on this page:

Model	Product Name
4825	Replacement Sponges for Industrial Stations
V3-8058	Solder Station Replacement Voltage Controller

END-OF-LIFE INSTRUCTIONS

In an effort to reduce waste and comply with WEEE directive, please do not dispose of product. All American Beauty Tools are serviceable and can be repaired and/or replaced. Please contact manufacturer to make arrangements.
